

Madeleine Oliver joined the Arizona Water Banking Authority as Water Resources Specialist 2 in February 2024.

Madeleine completed her Water, Society, and Policy Master's degree at the University of Arizona in December 2023, researching international endeavors to protect rivers using legal rights and legal personhood, and applying what was learnt to hypothetical Arizona initiatives. While studying, she was Program Manager for the Santa Cruz River Program of Tucson non-profit Sonoran Institute. Prior to graduate school, Madeleine was a commercial Colorado River guide in the Grand Canyon.
